A WORD FROM THE SKIPPER

Frans : « I feel excited for leg 4.

After a short but very nice stay in Auckland with my family we are ready to go. We did a great job to prepare the boat with a Lott of help from family and friends. We we were called the orange army.

We are now the hunted ones. After 2 times second and our win in Auckland the others want to be in front of us.

It is a short leg so i think it will be a close call.

Luckily for us it is a upwind start so we aim for a good start again to get a nice lead in the leg. Time will tell what the rest of the leg will be like.

I looking forward to sailing towards higher temperatures.»
